## NATIVE ADVERTISING

We understand that no one brand is the same and no one campaign is the same. That's what drives our special projects. They are bespoke built to deliver unique experiences for brands with unique objectives with real measurable results. Big Audience + Great Creative execution. That's our strength. We have the biggest audience, and a unique set of skilled people. There's no other company like us in Australia.

We offer 5 types of 'Native Advertising' on Coastalwatch and our social media channels:

1. Sponsored Post
2. Sponsored Video Post
3. Brand Video Post
4. Sponsored News Post
5. Social Media Post

## PAGE BACKGROUND SKIN

The Background Skin is a high-impact and high-reach custom ad placement. The Background Skin arches side to side between the site's header section and content pane. Integrating nicely with the top Leaderboard.

- Less than 150kb
- The aforementioned branding must be located within the standard gutter space (125 width on either side of the page content)
- Background image skin must be a static .jpg, animation is not allowed.
- This product is only supported on desktop devices.

\* For a better understanding, please visit [www.3cmg.com.au/ad-specs](http://www.3cmg.com.au/ad-specs) for examples and download the PSD template "Background Skin Slicing Template." This template shows the area to be filled with artwork and helps to prepare your creative.
